

YANINA MALTSEVA

UI/UX DESIGNER

Poland, Warsaw • +48 579 255 548 • janamalceva2311@gmail.com

ABOUT

Junior UX/UI Designer focused on solving user and business problems through research-driven design. Skilled in user research, UX strategy, wireframing, prototyping, and high-fidelity UI, with a strong understanding of accessibility, design systems, and collaborative design processes. Motivated to deliver usable, scalable solutions and grow within a product-focused team.

EXPERIENCE

Bazalt — Blog Redesign (Volunteer, Group Project)

Nov 2024

- Collaborated on redesigning a client blog using the Double Diamond UX process.
 - Conducted user research, surveys, and competitor analysis to inform design strategy.
 - Designed user flows, wireframes, prototypes, and high-fidelity UI for seamless navigation.
 - Leveraged the existing design system and developed new components as needed.
 - Improved usability, accessibility (WCAG), and navigation, including a focus mode for users with health challenges.
-

EDUCATION

Projector Institute - Webflow Basics (Video Course)

Sep 2025 - Oct 2025

- Gained foundational knowledge of Webflow, including site building, responsive design, and basic interactions.

Projector Institute - UX Design Beginning

Aug 2024 - Dec 2024

- Experienced in quantitative and qualitative user research, personas, user flows, and competitor analysis.
- Proficient in information architecture, and accessibility.
- Strong problem-solving, data-driven decision-making, presentations, and teamwork.

Hillel IT School - Web Design Basic

Mar 2024 - May 2024

- Skilled in Figma (components, Auto Layout, frames, text, shapes), designing landing pages, creating reusable components, delivering UX artifacts (personas, user flows, CJMs), collaborating in FigJam, and applying neurodesign patterns, typography, grids, colors, and icons for improved usability.
